

*I P*roclaim to *You G*ood *N*ews of *G*reat *J*oy that will be for all the people... *Lk 2:10*

Christmas, 2020

***W**e celebrate the birth of Jesus – the **P**rince of Peace,
who took on Himself a human nature.
Thus He showed us that the way to God also is open to us.*

*It is not for our merits, for those would never be enough,
and a human being is not able to do it.
Yet, the way to God is opened only from His gracious will.*

***F**or this year of the Nativity of Jesus Christ,
let us ask for one another the growing astonishment
of faith in the mystery of His Incarnation.
God became Man – the Word became flesh and He dwells among us.*

*The Light came to the world to shine in the darkness of this earth which sways
in the disease, and to enlighten every person – each one of us.
For us also, the Son of God became man.
He is with us on our way leading us, to the Father's promised land.*

***O**n this occasion, we wish that every person of good will
be willing to participate willingly in the work of redemption.
May everyone be helped by the intercession of Blessed Alphonse Marie,
who watches over everyone, like the pupil of her eye.*

***M**ay we, but especially the families, the sick,
the poor and those who are alone, have blessed Christmas holidays!
Let us celebrate our Lord throughout the New Year **2021**,
which we put into God's palm.
We also would like to express our gratitude for all He prepared for us,
and ask for His mercy!*
